

Online Learning for Tribal Government and Enterprise

2024 Learning Series

Tribal First Risk Control is pleased to offer our new learning series that focuses on safety tools to aid with mitigating risk. Each live 1-hour learning session begins at 10:00am PST. All presentations are recorded.

SAFETY – LAYING THE FOUNDATION

January 25	Tribal First Risk Control Service Offerings and Findings (click title to register)	In a candid discussion, our Tribal First Risk Control Consultants will share insights into the 2024 landscape and explore how we can seamlessly integrate with your organization’s safety initiatives.
February 22	What written safety programs does OSHA require for Casinos, Hotels, and Resorts?	Join us for an engaging technical overview designed to demystify OSHA compliance for tribal organizations.
March 28	Establishing a Successful Safety Training Program with Limited Resources and Time	Discover how Tribal First can minimize the time spent on safety training development in an eye-opening session. Let us show you the efficiency you’ve been missing!
April 25	Implementing an Effective Safety Committee	Dive into a discussion with experienced risk managers as they share their insights on navigating the highs and lows of safety programs of all levels.
May 23	What can we learn from California’s soon to be required Workplace Violence Standard?	Explore the implications of California's new bill, mandating Workplace Violence Prevention Plans for employers. Join us as we dissect the lessons we can all gain from this innovative standard.

MANAGEMENT SERIES

June 27	The Value of a Successful Safety Management Program: A Casino General Manager’s Perspective	Tune in to our podcast and hear firsthand from a Casino General Manager about the transformative impact of integrating a robust safety program into all facets of casino operations. It's a conversation career-minded professionals won't want to miss.
July 25	Developing as a Risk and Safety Management Professional	Gain insights from experts in safety, industrial hygiene, emergency management, and representatives from ASSP, NARM, and EMC. Let us help propel your EH&S career!
August 22	Proactive Safety Management Approach to Operational Changes and Expansion	Don't let preventable accidents disrupt your growth—join us to explore ways to reduce losses and control accident costs effectively.

OPERATIONAL SAFETY

September 26	Developing and Managing a Successful Fleet Safety Program	Join our webcast to discover that a successful fleet safety program goes beyond documentation. Uncover creative solutions to address challenges unique to your program. This is a webcast you won't want to miss!
October 24	Electrical Safety – Arc Flash Requirements	Delve into the National Fire Protection Association requirements designed to safeguard your employees. Don't leave your team exposed—learn the essentials in this imperative session.
November 21	Overcoming Confusion and Safely Implementing Reasonable Respiratory Protection Requirements	Join our webinar to unravel the complexities surrounding respirator use, compliance requirements, and key considerations. Breathe easy as you equip yourself with the knowledge to ensure a safer working environment.
December 18	Overview of the Industrial Truck Standard for Forklift Operational Safety	On average, forklifts cause 87 deaths and between 35,000 - 62,000 injuries annually. Uncover the intricacies of the industrial truck standard and operational safety in this must-attend webinar. Your understanding of forklift hazards will never be the same!
